EXPERTISE IN SELF-ADHESIVE FILMS

# ASLAN self-adhesive solutions for floor graphics

ASLAN offers a broad range of floor graphic films for smooth and rough floors, indoors and outdoors. Slip-resistance classification and fire safety ratings are important for public areas. Graphics can be realised via directly printable films or the longer lasting combination of print films plus anti slip laminate.

## Floors indoors | smooth floors

|                                   |   |
|-----------------------------------|---|
| <b>Print'nGo ASLAN DFP 33</b>     | White, slip-resistant (R9), directly printable, no lamination needed, 125 µm                |
| <b>WrapTheFloor ASLAN DFP 47</b>  | White, removable residue-free from smooth floors, even for marbel or natural stones, 150 µm |
| <b>WrapTheCarpet ASLAN DFP 49</b> | White, for short-pile carpets, removable residue-free, 150 µm                               |

## Floors outdoors | rough floors

|                                      |  |
|--------------------------------------|--|
| <b>Print'nGo Street ASLAN DFP 36</b> | White, slip-resistant (R9), directly printable, no lamination needed, 125 µm |
| <b>WrapTheStreet ASLAN DFP 46</b>    | White, removable residue-free from rough floors, 80 µm                       |

## Lamination films

|  |  |
|--|--|
| <b>Premium FloorProtect ASLAN MP 300</b> | Clear, matt, slip-resistant (R12), fire rating, 140 µm |
| <b>FloorProtect ASLAN MP 326</b>         | Clear, matt, slip-resistant (R9), fire rating, 125 µm  |

# Self-adhesive solutions for hygiene advices

Non-adhesive PET or PVC products from ASLAN are perfectly suited to create hygiene barriers fast and efficient, even for portable barriers. In combination with a rear projection film, they additionally offer areas for ads, special offers and current advice.

For glass surfaces at, for example, entrance areas, combine WindowBlock ASLAN DFP 25 and LifeTime Removable ASLAN DFP 41 for double-sided messages: guidelines facing the outside and a warm “thank you and goodbye” on the inside.

## Non adhesive PET or rigid PVC

**ASLAN N 300 PET** Non-adhesive, clear, A-PET, 300 µm

**ASLAN N 300** Non-adhesive, clear, PVC, 300 µm

## Ads on clear surfaces

**RearProjection ASLAN RP 35** Rear projection film, white, translucent, 90 µm

**RearProjection transparent ASLAN RP 36** Rear projection film, clear, 50 µm

## Hygiene advices on glass

**WindowBlock ASLAN DFP 25** Both-sided white, opaque, removable residue-free, 180 µm

**LifeTime Removable ASLAN DFP 41** Clear, glossy, for smooth indoor walls, removable residue-free, 80 µm

# Self-adhesive solutions for hygiene advices – indoors and outdoors

ASLAN offers digital printing films that are suitable for many different scenarios: long-term messages that stick safely even on hard to apply surfaces, short-term messages that remove clean and easy or the combination of a magnetic film with printable ferrous papers for daily updated offers and advices. Whether needed in white, clear, glossy or matt – rely on our solutions.

## Hygiene advices on walls | strong adhesion

**UltraTack transparent ASLAN DFP 06** Clear, glossy, strong adhesion, suitable for non-polar and uneven surfaces, 80 µm

**UltraTack ASLAN DFP 07** White, glossy, strong adhesion, suitable for non-polar and uneven surfaces, 75 µm

**UltraTack matt ASLAN DFP 08** White, matt, strong adhesion, suitable for non-polar and uneven surfaces, 75 µm

## Hygiene advices on walls | removable

**LifeTime Removable ASLAN DFP 40** White, glossy, for smooth indoor walls, removable residue-free, 80 µm

**LifeTime Removable ASLAN DFP 41** Clear, glossy, for smooth indoor walls, removable residue-free, 80 µm

**LifeTime Removable ASLAN DFP 42** White, matt, for smooth indoor walls, removable residue-free, 80 µm

## Hygiene advices on walls and shopper stopper | magnetic

**MagneTack ASLAN MT 400** Anthracite, magnetic, for smooth indoor walls, 400 µm

**PET FerroPaper ASLAN FP 180** White, matt, PET, for use with MagneTack ASLAN MT 400, 180 µm

**PP FerroPaper ASLAN FP 260** White, matt, PP, for use with MagneTack ASLAN MT 400, 260 µm

# Self-adhesive products for home office and home schooling

It is due to the increasing focus on home offices/schooling that whiteboard and blackboard films enter our private space. Our self-adhesive films are fast and easy to apply and transform your home office or children's room into a perfect, yet creative workspace. At the same time, they are highly scratch-resistant and easy to clean without leaving ghostings or streaks.

## Home Office | Home Schooling
